HIGH-END ACRYLIC EDGE-LIT EXIT SIGN

/// INSTALLATION FLEXIBILITY

The RPTA is designed around a modular mounting system to make on-site work smoother:

- **Surface Mount (Standard)**
End, ceiling, or pivoting wall mount.
- **Semi-Recessed**
Conversion kit available separately.
- **Fully Recessed**
Steel backbox with adjustable hanger bars (up to 540 mm).

WHY RPTA STANDS OUT

- **Maximum Installation Flexibility**
Standard universal surface mounting with optional semi-recessed and fully recessed backboxes, plus included hanger bars for drywall.
- **Reliable, Bright, Uniform LED Illumination**
Ultra-bright LED light source provides crisp visibility with excellent uniformity.
- **Designed for Fast, Simple Installations**
Pre-installable backbox, all components mounted on a single chassis, and universal field-selectable AC input (120–347 V).
